

The 1967 TIGER

RESERVED for one? Thanks nan?

May 17, 1967

Go,

First of all thanks for letting me use that "other girl's" reserved spot. No really I must feel privileged. But...! No really how! It's been a great pleasure knowing you. Even if it's only been for ~~lets~~ see.... 6 days. I've enjoyed every minute of it. I think you are a wonderful person and you have really made a place for yourself in J.H.S. and elsewhere? I want to take time out for a minute to tell you how much I think of you. You are one of the most considerate and understanding person I've ever met. You are the type person who deserves the best in everything. You are a really precious person. Really I want to wish you all the luck possible in baseball, school girls and pure L I F E. Loads of luck always and just because I started wishing you luck doesn't mean I'm gonna stop writing. I guess I'm supposed to be writing a bunch of mushy stuff. But remind me sometimes and tell tell you. B? B! No really I think you are a lot of fun and are a very mature person. I've had a lot of fun on our dates. I'm very glad I got to know you better than Friday night. I had a blast Mon esp. about 9:00. Understand? Honestly you are one of the sincerest, dearest, sweetest, cutest, nicest, neatest, TUFFEST guys I've ever met. I'll never forget you or all the fun we've had. I hope you've enjoyed these short letters as much

Terrell Junior-Senior High School is more than a building; it is a way of life. The warmth of its laughter and companionship is the general atmosphere felt throughout the school. Loyalty to the school and its ideals is expressed in classwork, athletics, social affairs, and extracurricular activities. From association with this school, many have reached their goal in life - success and happiness.

With this thought in mind, the annual staff has created the TIGER, a partial record of events and achievements at Terrell High as kept by its students. The overall record could not possibly be presented in its entirety on 232 pages, but each page may be regarded as a segment of school activity.

We hope that in the years to come this yearbook will help to keep alive the memories gathered during the year of 1966-67.

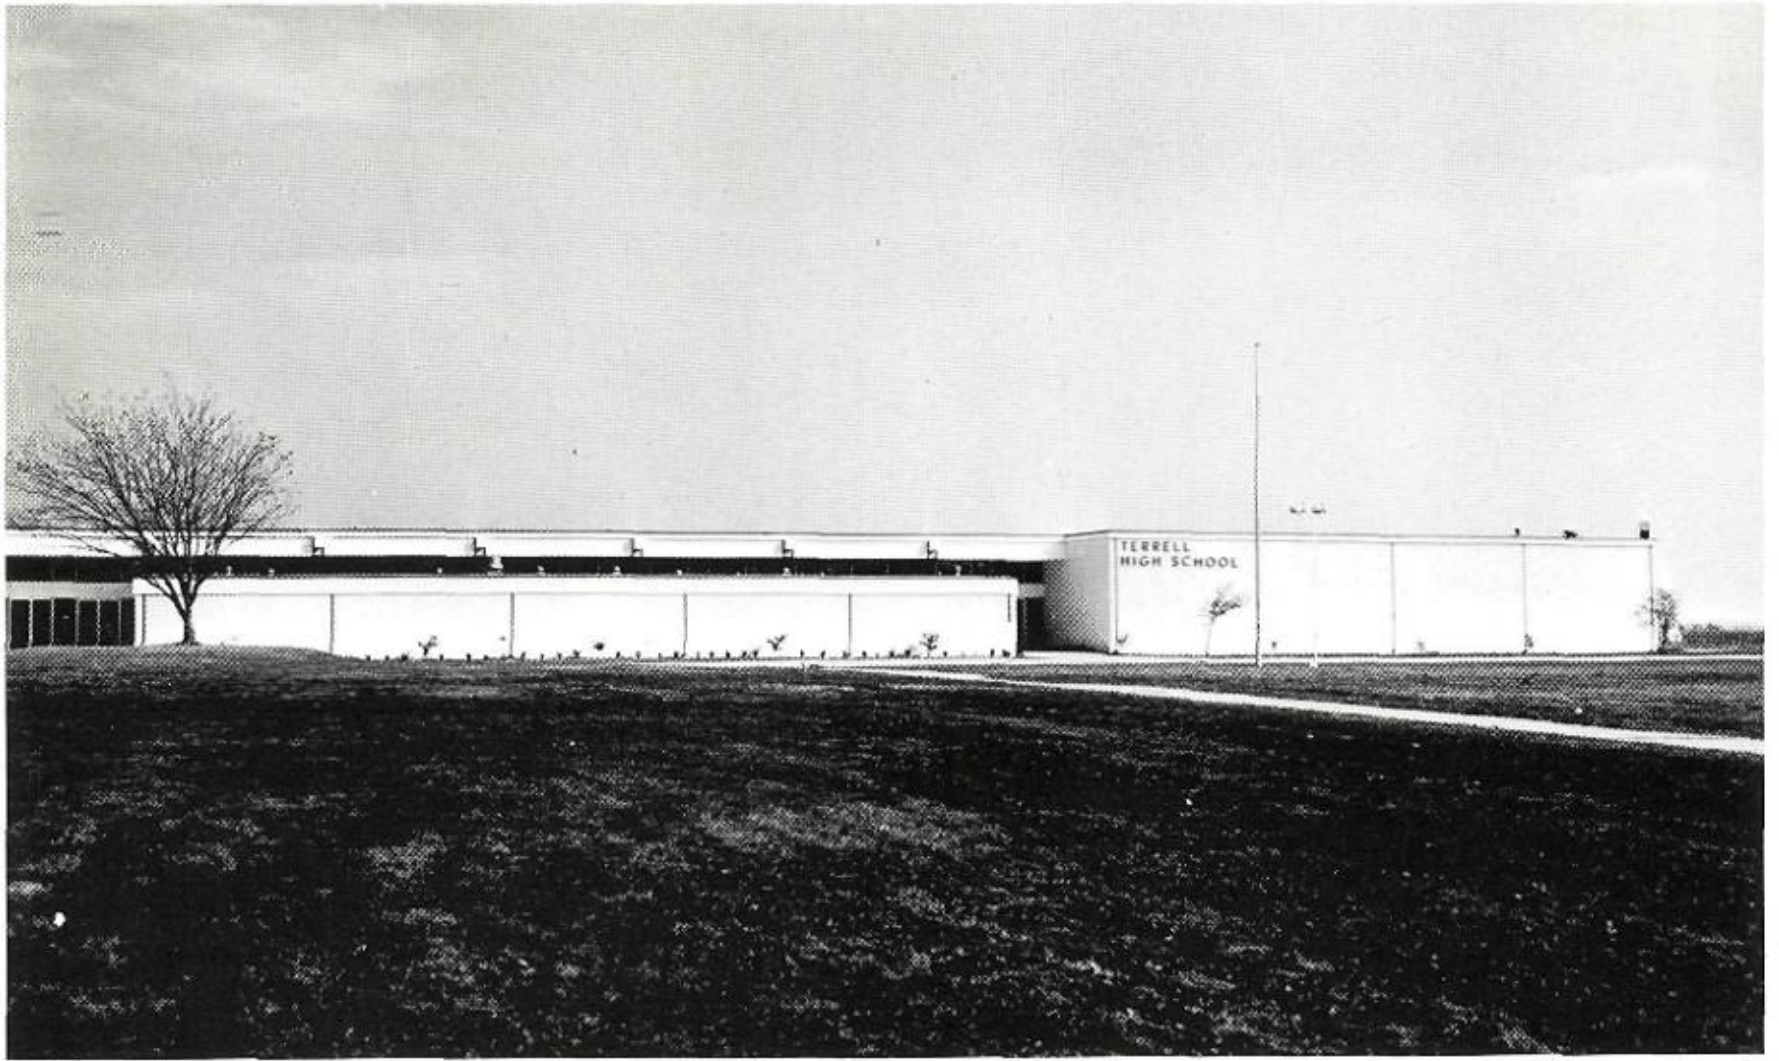

For Devotion . . . We Dedicate

Mrs. Bob Rahmlow

The 1967 Tiger is proudly and respectfully dedicated to Mrs. Bob Rahmlow. Those who know her can only approve of our choice as being the right one. We hold her in high esteem for her unselfish devotion to Terrell High and its student body. Dances, bonfires, class plays and the United Fund Campaign - these are but a few of the activities that involve the services of this untiring and devoted woman, who has put first above all things the school and the people within it.

Terrell Junior-Senior High School

What's Happening . . ?

So many facts have developed since the beginning of Project Discovery in our school that to tell you all that is occurring would be impossible. However, this we know--students and teachers are using the films and filmstrips with the ease and confidence of veterans. These audio-visual materials and machines have become friendly tools in the hands of the curious and the interested. Stimulation by their use has caused an upsurge in library book circulation. Research on the impact of Project Discovery on pupil achievement is continuing under the direction of East Texas University.

We strongly feel that the measureable benefits of Project Discovery within the next few years will be such that every institution of learning will feel with certainty that audio-vision is essential to the grasping and retention of knowledge necessary to keep pace with the age in which we live today and hope to live tomorrow.

School Board Considers The Student

Mr. Grady Hester *Superintendent*

Dear Students:

It was once said, "The greatest mystery is not that we have been flung at random between the profusion of the earth and the galaxy of the stars, but that in this prison we can fashion images of ourselves sufficiently powerful to deny our nothingness."

I hope that the images you are developing while a member of Terrell High School are sufficiently powerful to deny your nothingness. I hope your images include a sense of humor, a feeling of freedom, a knowledge of fair play, and a respect for the dignity of God and man.

These are some of the traits found in what I consider an educated man.

Grady Hester

Mr. Dan O. Douglass

Principal

"A task without a vision is drudgery. A vision without a task is a dream. A task with a vision is victory."

Fill your life with a multitude of tasks because being forced to do your best, and forced to work, will breed in your temperance, self-control and many other worthwhile virtues. And remember to search for visions to make victories out of the every day tasks in your life.

We remember the Senior year - the year of big thoughts - of yearbook, Student Council, and our president Ronnie Richardson. We remember College Boards - College applications - nail-biting tensions until accepted. We remember our class rings and English IV. Yes, we remember Terrell High School. We will never forget dear friends - nice teachers - dreams we had - oh, the dreams we had.

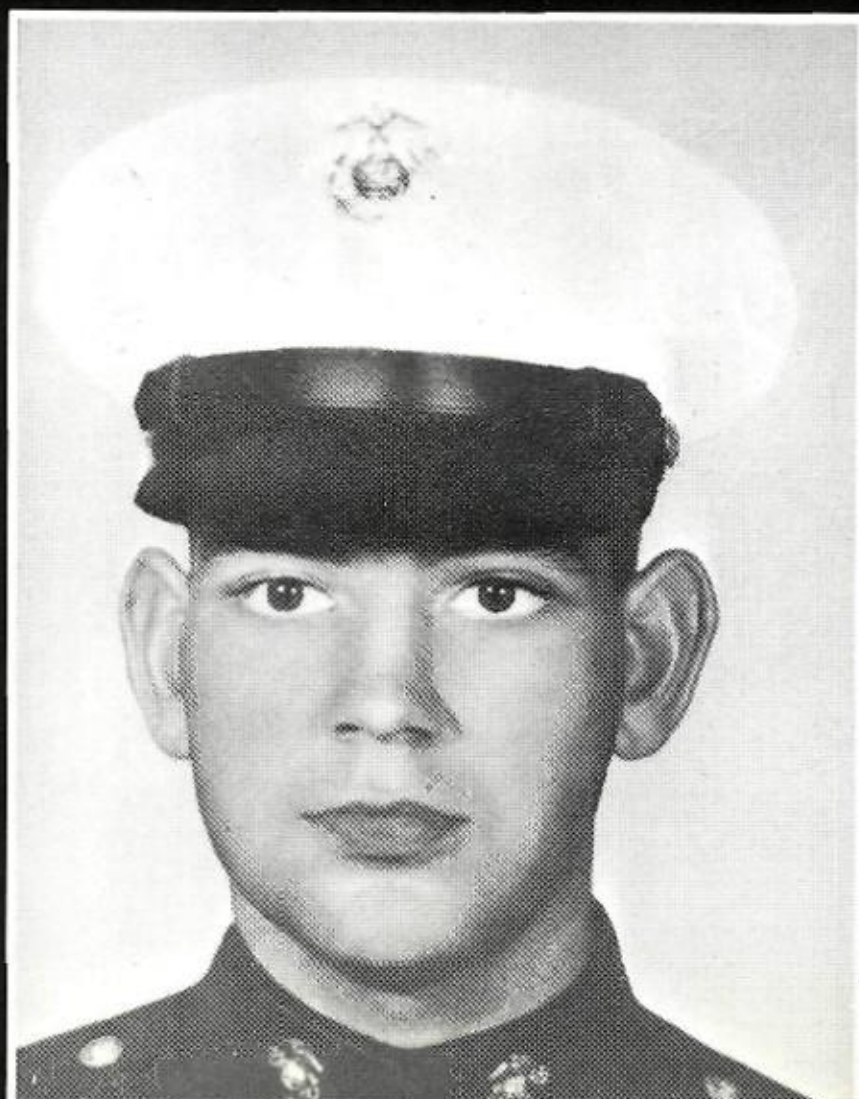

In Memoriam: Larry Thrasher

PAST THOUGHT

I'm blood and gore and screaming steel,
the warmth of flowing blood I feel.
My liquid life, I now watch pour,
like those before me in this war.
My buddies moan and gather round,
they gently lay me on the ground.
I hear the medic whisper low,
he's going yes, but going slow.

My mind says no! this cannot be
this must not be the end for me.
My love for family, love for life,
must not end here in foreign strife.
My nerves tense up, I feel the pain,
and strangle now, I wish for rain.
As if to wash away from me,
the smell of death I can almost see.

I hear the medic say, just then,
he's drawing closer to the end.
I feel hot tears burn down my cheeks,
and still to the earth my life does leak.
I'm blood and gore and screaming steel,
the warmth of life, I no more feel.
And now I know, that never more,
shall I feel the fears and pains of war.

1967 Prophecy

The year is 1977. We find the seniors are scattered all around the world. Our search begins in Hawaii: We find Jimmy Williamson standing on the beach taking pictures of Steve O'Reilly. Louis Bodin is driving his Unique truck from hut to hut picking up grass skirts to be dry cleaned. We hear that Louis and George Veazey are running an International Escort Service for queen candidates of all sorts. And further down the beach we find a group of natives preparing for a feast. Some natives are picking coconuts. Uh-oh! There's David Barkin up the wrong tree! (He climbed a pineapple tree.) Carroll Busbee, Ronnie Banks, Bobby Nichols, and Chris Grier are carrying the sacrificial pig to be roasted for the feast. They really do look nice in their grass skirts and leis. Paul Polk arrives in time for the feast. He's eating poi...watch him dribble! Traveling on to the Far East we find Barbara Dodd, Libby Slayton, and Carolyn Johnson running The Teahouse of the August Moon. Jerry Davidson's karate schools are doing well. Some of his star pupils are Joe LaRoe, Scott Trail, Don Matejka, and Don Archer. John Porter is busily cultivating his rice paddy and enlarging the Porter Farms. There's Mary Sue Isbell with her rickshaw, or is it James? In Vietnam we find a trench full of...Richard Webster, Benito Carmona, Dale Hardy, and Jerry McClung. Stella Leach and Pat Ditto own an internationally famous restaurant, and they have the best special 40¢ plate lunch in Saigon. Frieda Sue and Vickie Anne Ables, along with Rita C. and Rita D. Robinson, form a family act to entertain the troops. Our next stop is Africa: We find Dr. Richardson charitably caring for the sick natives. Goodness! ...Andy Pesta just staggered out of the jungle. Dr. Richardson seems to be taking an unusually large amount of blood from the patient. But never fear...the doctor's charming nurse, Miss Sikors, is doing a good job of comforting ailing Andy. Ronnie Daniels is the doctor's lab technician, and Linda Elliott is the dedicated researcher's wife. After our short stop on the Dark Continent, we stop in Rome, and who do we find but Jerry Vick at the starting line of the Rome to London bicycle race. His pit man and mechanic for the race is Bill Frazier. And there's a group of nuns strolling past the Vatican, feeding the pigeons. It's Pam Morris, Jeanne Rosenbaum, Beverly Fulton, Betsy Choate, and the Mother Superior, Linda Beaty. Doris Patton is selling eyebrows to Sophia Loren. Of course, no trip to Rome is complete without a visit to the Roman ruins...Look! In the coliseum, Donna Wallace and Larry Oakley are fleeing from the Lyons! Later, flying over the Black Forest of Germany to the Netherlands, we see a path being blazed through the trees. It's Carol Hulsey, LeeAnn Holbert, Beverly Fulton, Kay O'Neil, Prissy Leinart, and Kathy Conder...still knocking down trees. Also in Germany, we find Carolyn Brewer whipping up a new brew for Fred Hagen. In the Netherlands we find: Becky Holland with her finger in the dyke. Gary Lovell and Mindy Stuard are tiptoeing through the tulips...pursued by Constable Donna Ashworth, who forgets her job thinking about deputy constable, Mike McClure. Brenda DuBose is in Holland too, and she now goes by the good Dutch name of Druscilla.

From the Netherlands our search takes us to England. There we see Chester Howard teaching English at Oxford. Byron Gaines is replacing Paul McCartney as the lead singer for the Beatles. Lee Murray aspires to be like the great English actor, Richard Burton...but can you see Prissy as Elizabeth? (Who's Afraid of Priscilla Woolf?) Henry Charles Madgwick has lately been crowned king of England. His royal status has not lessened his love of sports, such as rugby, soccer, and Beaty. (He's the national champ in all three.) Kathy Conder and Dolly Dennis are modeling mini skirts along Carnaby Street. Back in good old Terrell, we find David Ledbetter running the Downtown Mobil. Brenda Pierson still works at the Dairy Queen. Rodney Davis and his Fulton steamboat are chugging up King's Creek. Clark Tankersley is still painting props for the senior play. Kay O'Neil is a professional teacher of geisha dances. Carole Brown has replaced Miss Cave. Horace Scott has taken over for Billy Shumpert. He's got his theaters and his daughter. Susan "Bulldog" Tillerson had finally succeeded in wrestling the title from Fritz Von Erik. Gary Chilcoat has taken over for Popeye on Channel 11. He just happens to be in love with Olive Oil. Andy Clayton is cruising around in his chrome plated, positraction, four-barrel hearse. Larry Piper is still "loving 'em and leaving 'em" and...getting caught. Martha Cross stayed at THS to chaperone her little sister. We were going to prophesize something for Donna Hog...uh, Burnett, but she did her own. Mike Corley is the head coach for the SSS All Stars. Bill Sweazea was offered a place on the Los Angeles Lakers, but chose to wait in Terrell for some junior...or something like that. Scattered over the rest of the world we find: Peggy Sloan getting rich selling freckle remover. And those famous secret agents Audrey Moss and Gail Spruill, disguised in identical yellow Volkswagens. Carolyn Cockrell and Cheryl Turner have begun nurse's training. Their ambition is to go to Africa with funds embezzled from the band, and be just like Nurse Sikors and work with Dr. Richardson. Who's that waggin' behind? It's Tommy Waggoner. Estella Porter, Mattie Gardner, and Martha Thompson, and PeeWee Jefferson are now known as the Sublimes, or "Three Misses and a Hit." Debbie Rogers is still dragging that Eugene Lewis doll that she got when she was a junior. Barbara Massey is the World's Champion Bowler. She's still written up in the Tribune all the time. Mac Lewis is the new singing sensation. His latest song is "My Bonnie Lies Over the Ocean." Mark Watson is the president of Key Club International. (He likes the conventions.) Cynthia Hunter is doing the hairstyles for Mia Farrow. Maria Castaigne is the official interpreter for the French and Spanish delegations to the U.N. Ana Cowley is her substitute. Lillie Hill is making a fortune picking up nickels. Kathy Rush is playing house with her G.I. Joe Teddy Bear. Jim Tankersley is searching the world over for a toupee. Vinnie Dorough is still sending those "Dear John" letters. Patsy Longley is the president of FHA at Leavenworth prison for her affairs in the egg business. And if you ever find yourself moving, be sure to call Brenda Van and her worldwide movers. We were going to say something about Lorene McCarley's internationally famous figure...but it isn't there. Mike Osborne is the manager of the delegation store at the U.N. Diane Cooke and Bille Roberts carried their ability to turn out the Hi Life to New York and now are co-editors of the New York Times. Skipper Brooks is well known for his ability to match his shirt to his socks. Chris Cacas runs a chain of Jack-in-the-Box drive-ins all over the world. Richard Hymer is on the ninth green trying for a triple bogie. Jimmy is managing the tournament. Darlene Jones is skateboarding around with Jim Pat. Milton Wooldridge has gone into advertising. He does the voice for the Jolly Green Giant. Linda Kelly's still at home waiting for the Nike Base to collapse so Dick will come home. Gary Kilmer is the manager for a vagabond tennis player who specializes in ferocious lobs. Richard Rodriguez and Alicia Carmona took over the reruns of the Cisco Kid. Gwen Wallace is now a famous movie star reknowned for her beauty and brains. And finally, Johnny Lamb sums it up for the whole senior class...He says, "Ba...a...a!"

A black and white studio portrait of a young man and a young woman. The man, on the left, has a short, dark crew cut and is wearing a dark sweater over a white collared shirt and a dark tie. He is looking directly at the camera with a neutral expression. The woman, on the right, has long, dark hair with bangs and is wearing a light-colored, textured sweater. She is smiling at the camera. The background is a plain, light-colored studio backdrop.

Yearbook Staff Records Year's Memories

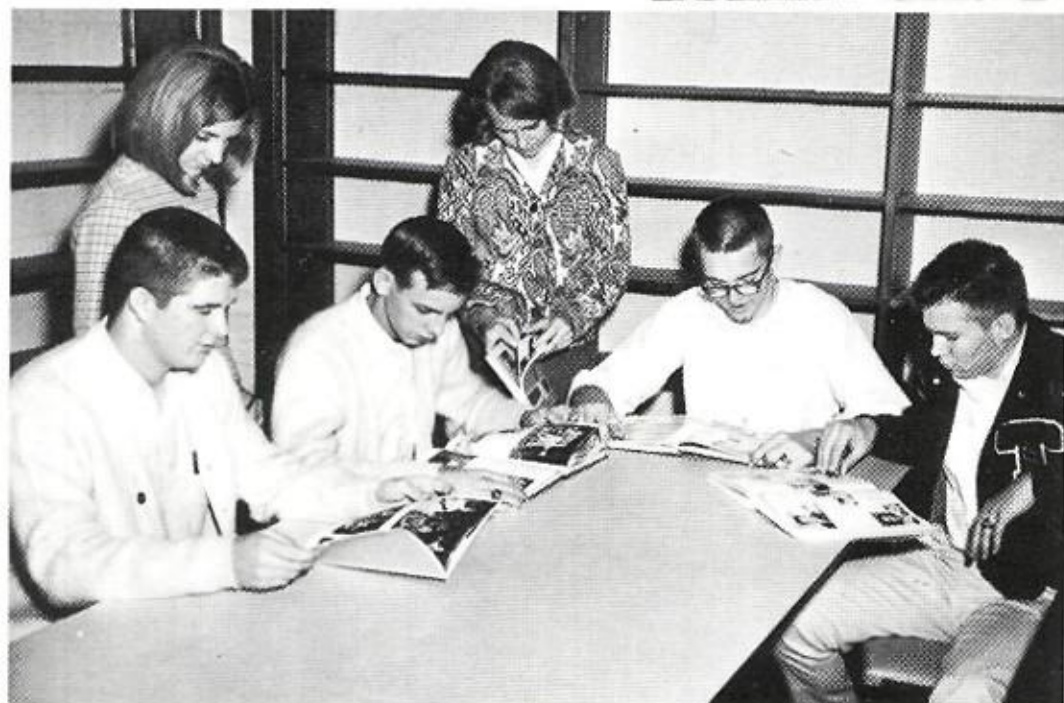

Miss Mary Cave, yearbook sponsor, through her many years of experience, aids new members Monnette Reese, Patsy Smith, Helma LaCour and Vicki Adams in making decisions for new layouts.

Kitty Cernoch, Treasurer, Tracy Knauss, Art Editor, and typists, Diane Geddie and Lorene McCarley, perform their duties with a smile.

Bill Conradt, Jimmy Williamson, and Mike Corley, Copy Editors, discuss plans for the Sports section as Co-Editors, Carole Brown and Jeanne Rosenbaum, give helpful suggestions. Rusty Brown gathers ideas for better photographs.

With the beginning of a new school year the whole staff went to work writing copy, designing layouts, cropping, copyreading, and typing. An enormous amount of time and work went into the publication of this volume of the TIGER to accurately picture the school year at THS.

We wish to express our sincere appreciation to the faculty and student body for their fine support, to Tracy Knauss for his artwork, to the advertisers for their co-operation, and to Bernard's Studio for excellent photography that went into the making of a successful 1967 TIGER.

Miss United Fund

Glenna Pontikes

A new tradition was established in Terrell High School by the election of a Miss United Fund. The two-week campaign was to raise money for The Greater United Fund. \$1053.62 was earned by charging a penny for each vote. The campaign ended with an assembly at which Glenna Pontikes was crowned Miss United Fund by Mr. Robert Ayres, head of the fund raising project.

The assembly was climaxed by the crowning of Miss Glenna Pontikes.

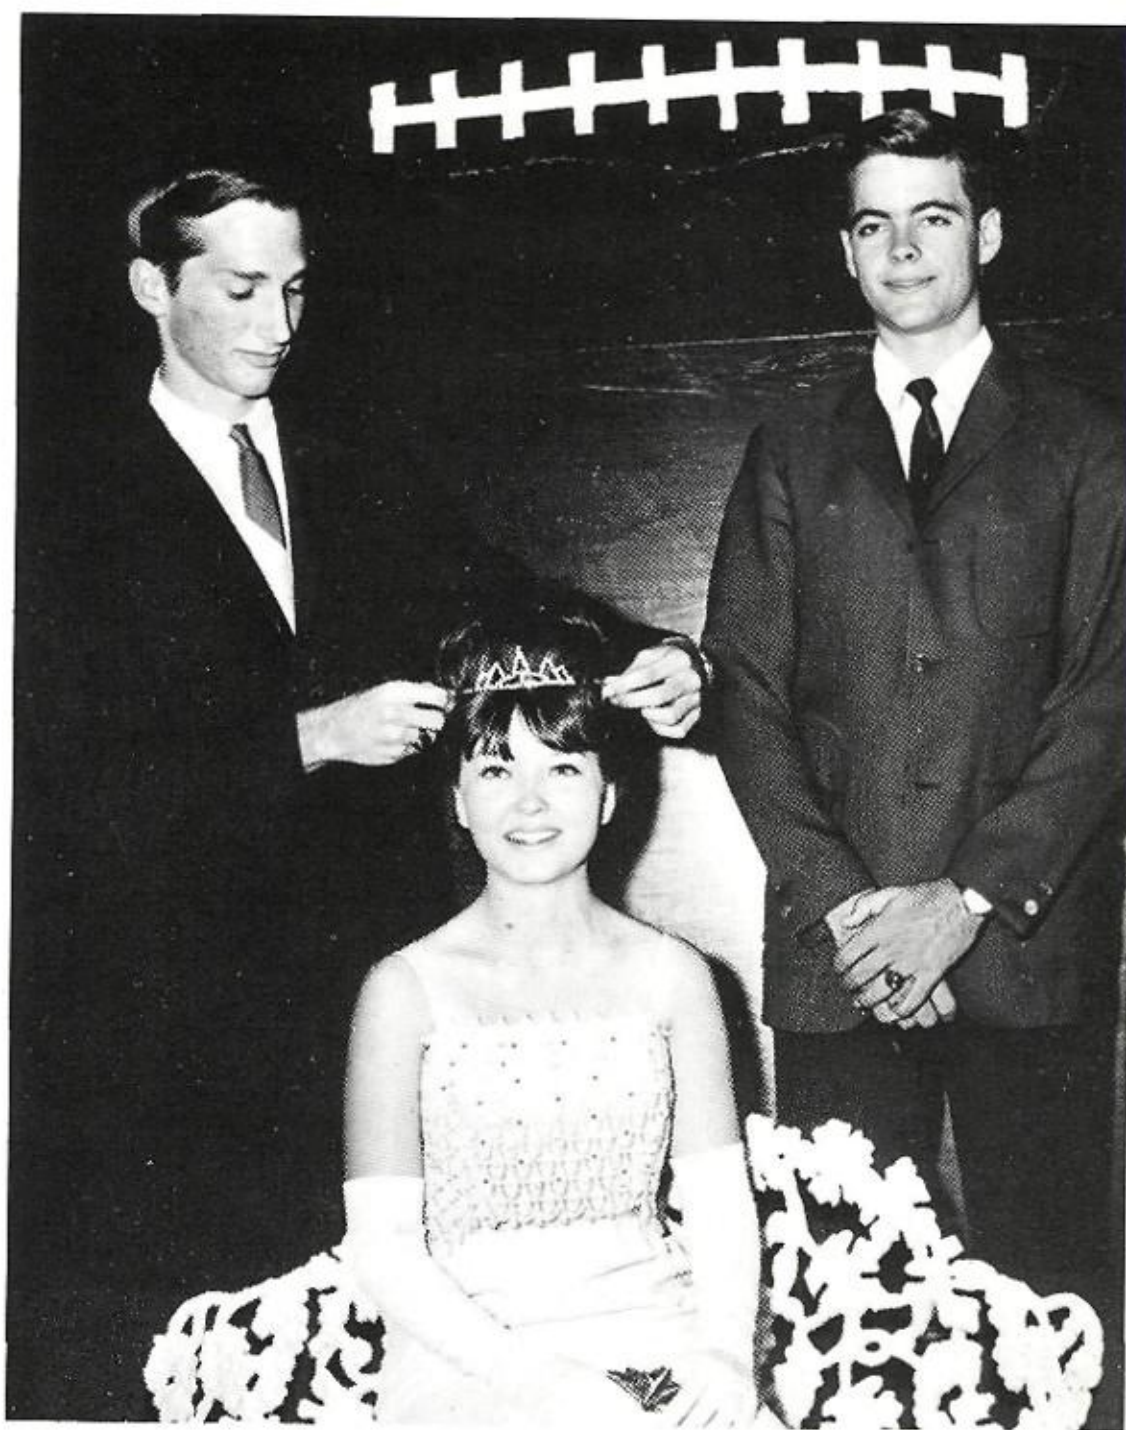

Two candidates from each class were nominated by popular vote. Left to right they are: Glenna Pontikes, Becky House, Freshmen; Patricia Sluder, Liz Tankersley, Sophomores; Betty Barr, Helma LaCour, Juniors; Kay O'Neil, Susan Nelson, Seniors.

*Susan Nelson Reigns Over
Homecoming*

The Homecoming Dance climaxed two days of exciting preparation for the big game with Waxahachie.

Following the bonfire and crowning of Susan Nelson as queen on Thursday night, October 21, a pep rally and the game on Friday, students let out their excitement over the Terrell victory by dancing to Fan Tab beats.

FLAGS GIVEN TO THS

H. N. Fullingim of Odessa, Grand Master of Masons in Texas, dedicated a gift of two flags in the name of the Terrell Masons. In the program, Ronnie Richardson, President of the Student Council, accepted the gift in behalf of the student body.

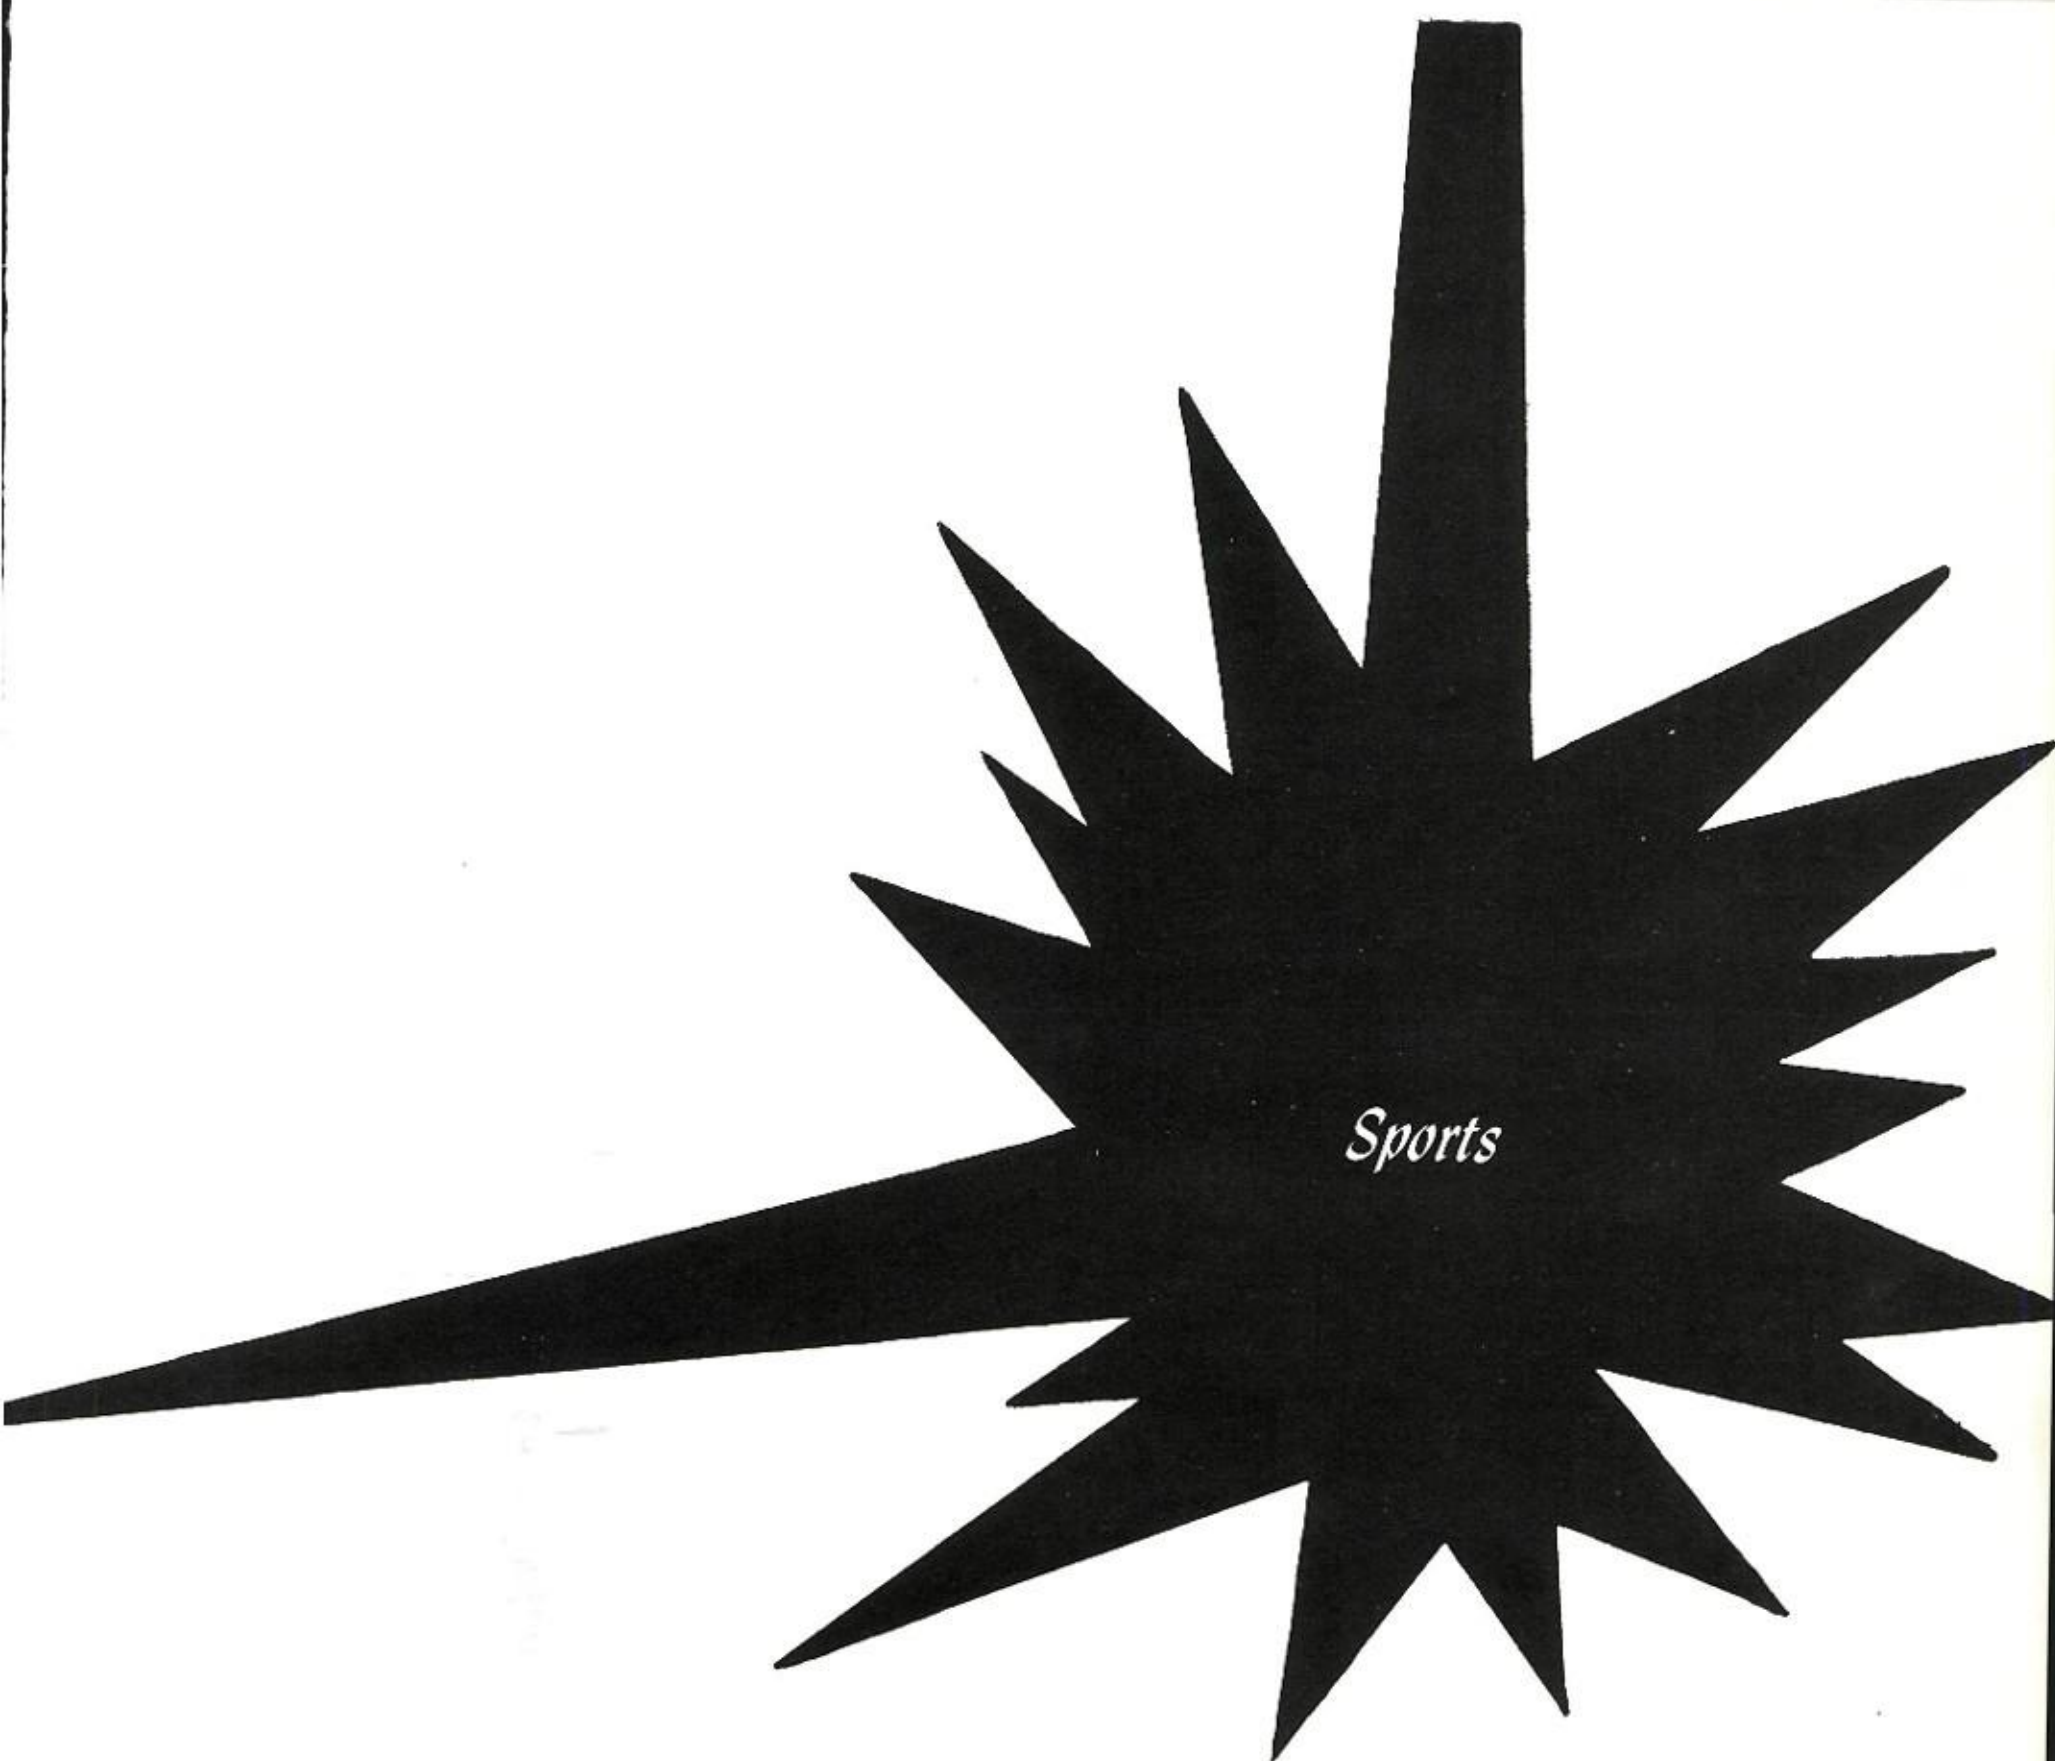

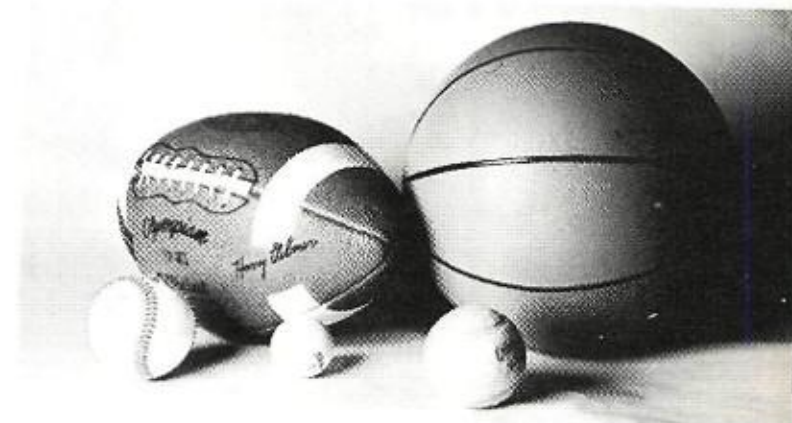

Upon the presentation of the Texas and U.S. flags to the school, the THS Stage Band played "To The Colors" and "The National Anthem."

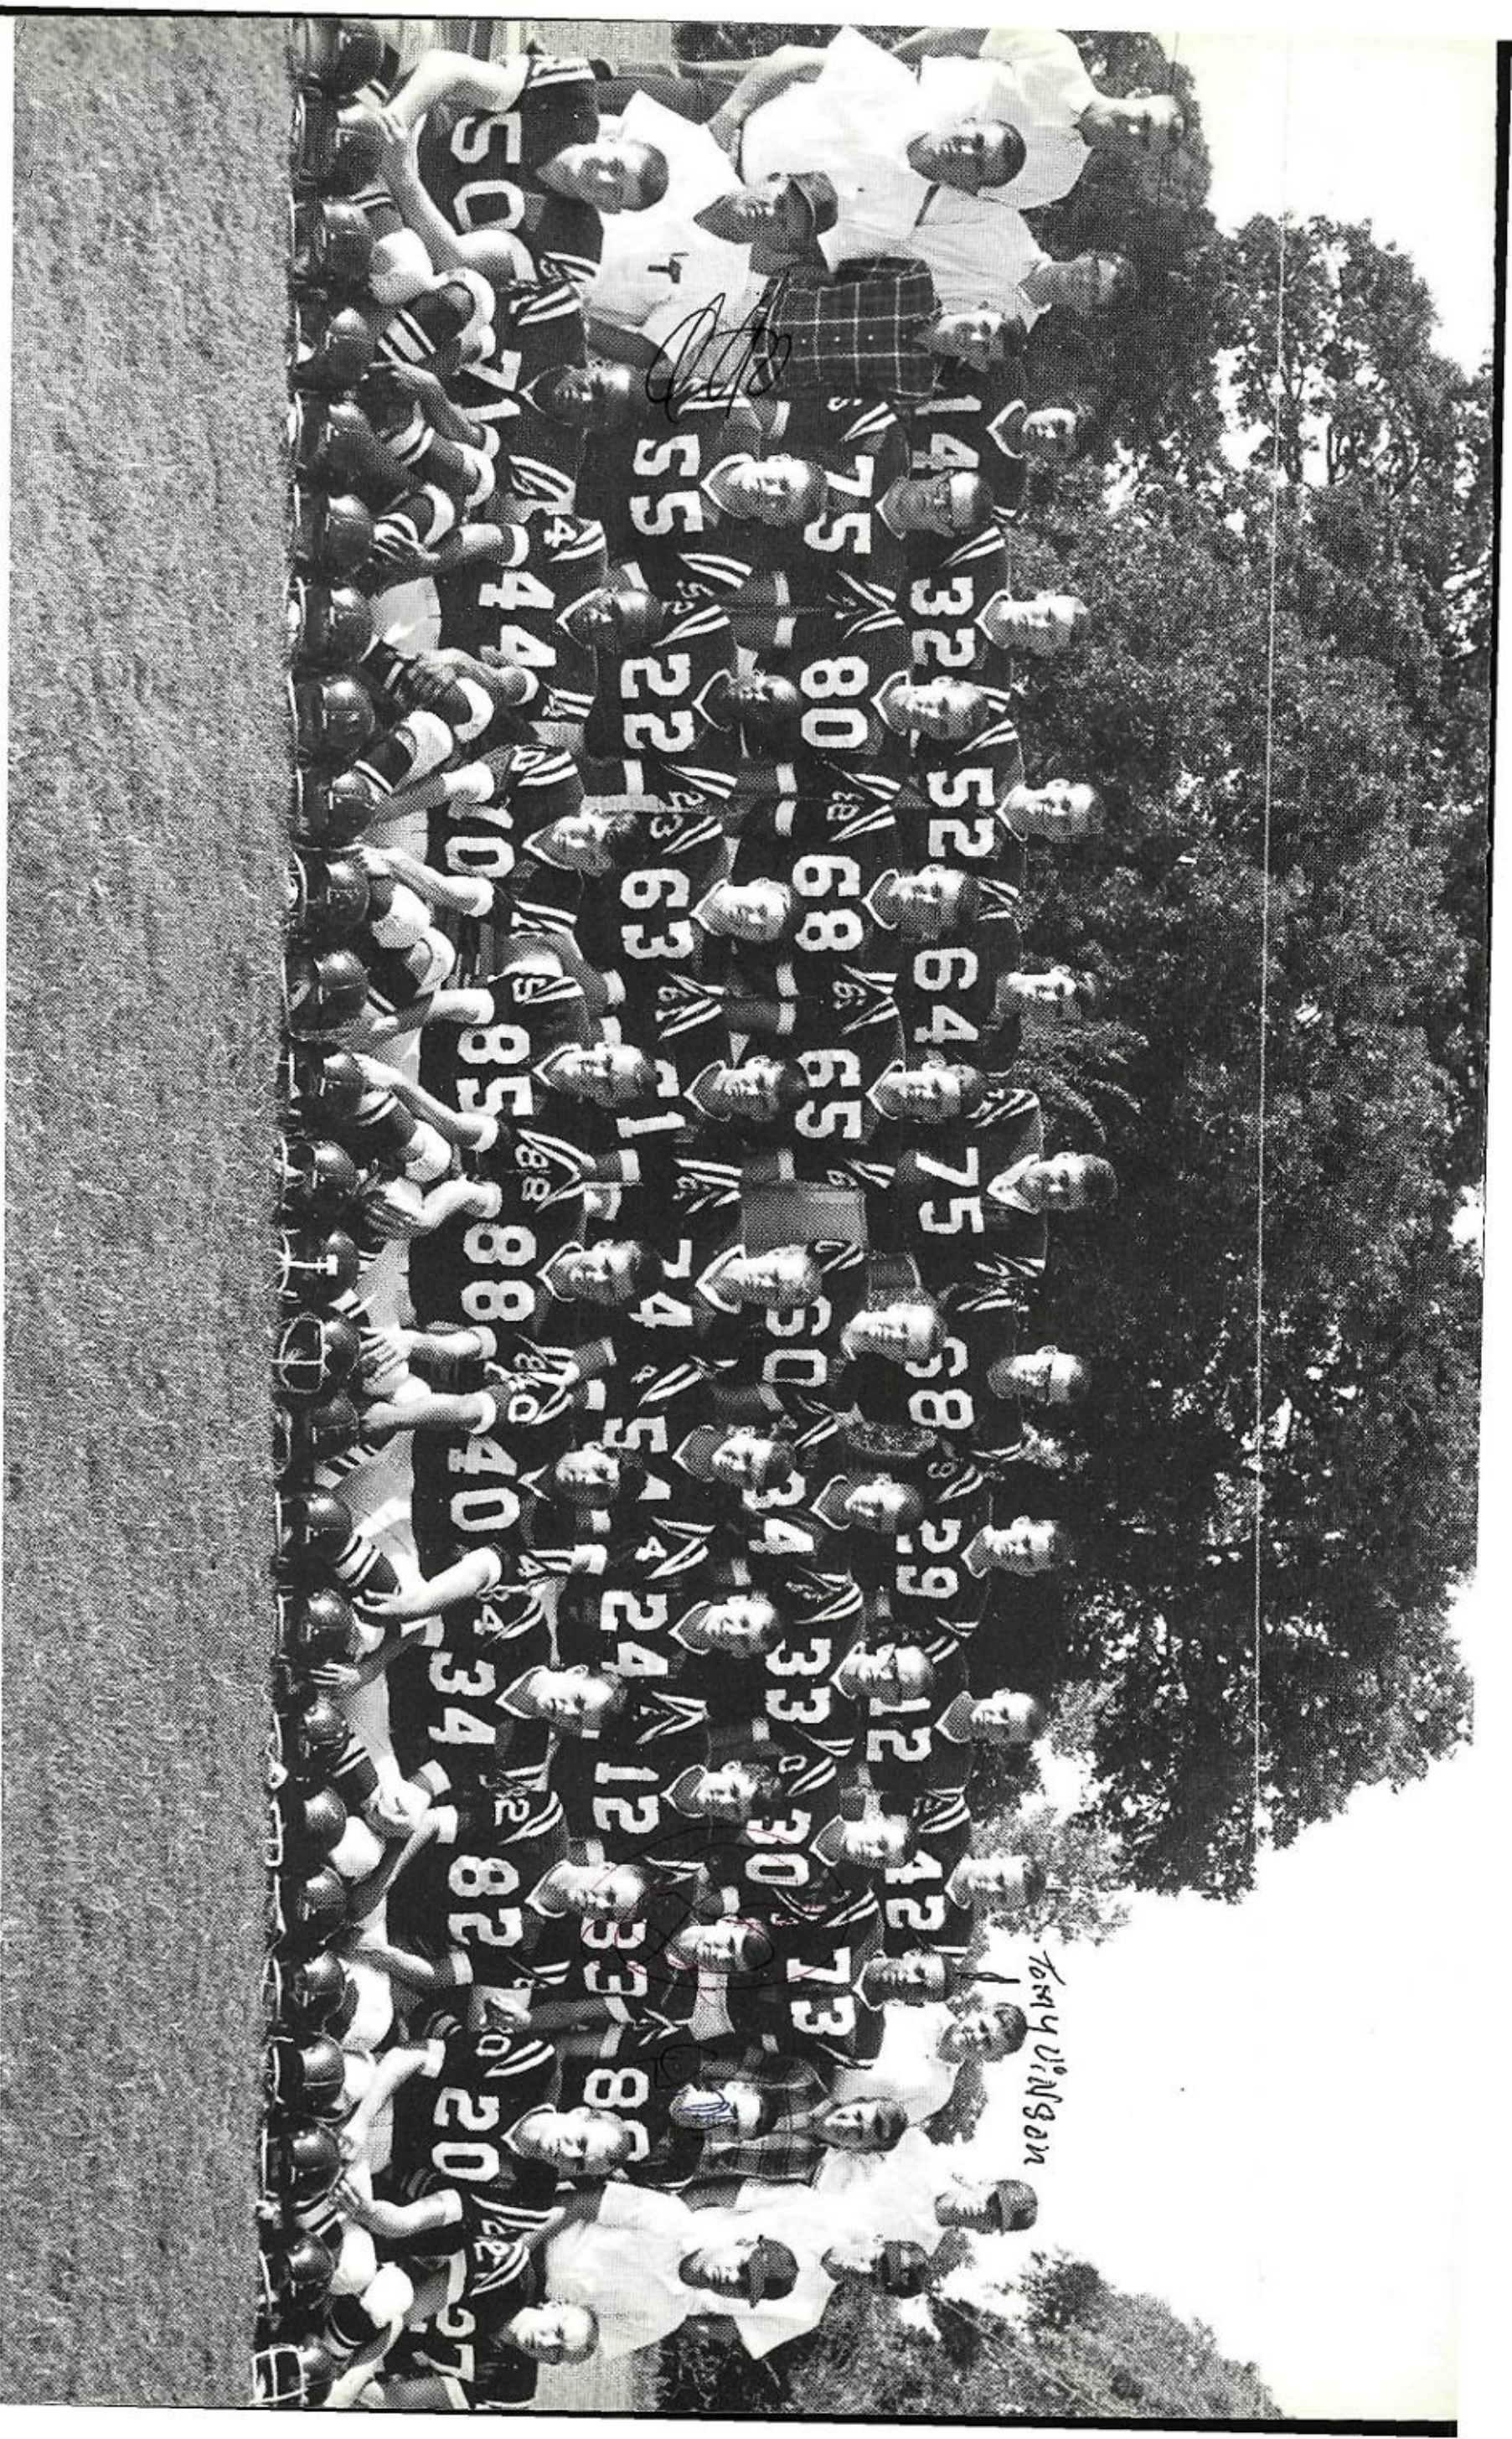

THE CLOCK OF LIFE

The Clock of Life is wound but once
And no man has the power
To tell just when the hands will stop,
At late or early hour.

Now is the only time we own
Love, live, toil with a will,
Do not wait until tomorrow,
For the Clock may then be still.

For the first time in many years, Coach Vineyard's Tigers fought their way to one of the most successful seasons in recent years. The 66 Tigers fought against heavy odds all year with many injuries.

The Tigers got off to a quick start with two big wins over Greenville and Palestine. The big game of the season was against the Athens' Hornets, where the Tigers played 110% all night long losing by seven points.

The successful season was due to long hours on the practice field, good support of the Tiger fans, and most of all to the fantastic spirit. The Tiger's spirit, which seemed to rekindle spirit in the entire student body, soon became evident as the main factor contributing to the Tiger's winning season.

Under the direction of Coach Miller, the team ran their way through the regular track season. Such triumphs as running the 100 yard dash in "10 flat," or high-jumping 7 feet, or throwing the shot 60 feet, are just a few of the things that this year's Tiger track team would like to have accomplished. Even though they might have fallen short of these exceptional marks, they still did their best and represented THS in a fine way.

Coach Miller discusses future track meets with some of his boys.

Continuing Edison's Research for Better Living...*Electrically*

The creative genius of Thomas Edison gave the world the first practical means of large-scale production, distribution and use of electric power.

Since Edison perfected the incandescent light and built the Pearl Street Generating Station in New York City, the research and development efforts of other men have resulted in thousands of electrically-operated devices and the facilities necessary to keep pace with an ever-increasing demand for electricity.

Today, investor-owned electric utility companies such as Texas Power & Light continue the search for more efficient and more economical ways to produce and supply electric power and thus to help assure better living ... electrically.

RESERVED

who for?

It's been great getting to know you better this year. You've been a lot of fun to be with. You probably think I'm crazy because of some of the things I do - like get mad at you every time you look at a girl - HA! - but ever since this school year I've had a terrible crush on you. Now you really think I'm crazy. But I'm not. Ask Francis. Anyway I hope that we can always be real good friends because at this time I need all I can get. So, I hope you have the best of luck in baseball. I watch you play every time I can. Will you probably think I'm never going to quit writing and you could be right. Don't get me wrong about the way I feel about you because I really like you - as a friend and otherwise. ^{BOYFRIEND?} And when you and Mally kid me, I hope you're kidding - I really don't get mad. I just act that way hoping you'll quit. But no good. Seriously, all I meant to write in here was Good luck and very best wishes always. Hope your good looks stay that way! (On your face). I had to really think hard to write this I hope you know.

Is a great guy. It's been nice knowing you. Stay the way you are now and you'll go far in life. Keep up the good work in baseball. I'm sorry I took up a whole page. Didn't mean to. This is it. Lots of love to a great person.

Continued on next page!

So, I thought that
I would write
some more in your
book after what happened
Tuesday. I'm sorry for everything
that happened that made you mad.
I think you know how I feel about
you. I think the world about you.
I can't help it. I just hope that
you mad some times, but
as much fun as we have had this year, we can have
fun sometimes, considering when I do something, I just like to have
a date. So, I hope you enjoyed this year as much as I did. I sure don't have
so much fun. And I'm glad that we moved to Arrell. I wouldn't have
understood. You just don't know how I feel about you. I think you're the
greatest person I've ever met. You probably think all I'm saying is a big
lie but it isn't. Fred and I had a good talk Sunday night and I think
he understands how I feel. He said he did. I want to tell you
you all the way! And don't give those umpires too much trouble. I hope
that next year you'll still be around when I did one night, it wasn't
something you always seem to understand how I feel even if nobody
for me, it was because the way I thought I was mistreated, but I
feel the same way. Maybe I cried because you didn't feel the same
only reason I cried was because I felt about you and you didn't
way. This is probably all confusing to you, but I
had to let you know how I felt. So, I wish
you I didn't make you too mad. I hope
you'll always remember me the
way I'll remember you.
Love ya,
Annette
